Xiaoli Su

Researcher | School of Economics and Management, Fuzhou University | Fuzhou, China

Email: sxl19958@gmail.com | ORCID: 0000-0001-5351-4329

RESEARCH INTERESTS

Data-driven operations management; distributionally robust optimization; demand forecasting; inventory control; supply chain management; machine learning and information fusion.

EDUCATION

Ph.D., Management (Management Systems Engineering), Fuzhou University, 2021–2025

Master's Degree, Management, Fuzhou University, 2018–2021

Bachelor's Degree, Management, Fujian University of Technology, 2014–2018

INTERNATIONAL RESEARCH TRAINING

Visiting doctoral and postdoctoral research training, emlyon business school, Lyon, France, Oct. 2024–Dec. 2025

Visiting doctoral research, De Vinci Higher Education, Paris, France, Jan.–Oct. 2024

SELECTED PEER-REVIEWED PUBLICATIONS

1. Xin Li, Quan Cheng, Xiaoli Su, Evren Sahin, Zhe Yuan. (2026). A product life cycle curve prediction method via dynamic fusion and inference rectification. Engineering Applications of Artificial Intelligence, 181, 115595. DOI: 10.1016/j.engappai.2026.115595

2. Mingxing Xu, Yanping Lin, Rongkun Wang, Xiaoli Su. (2026). The influences of interlocking director networks on supply chain resilience. International Journal of Logistics Research and Applications, Online first. DOI: 10.1080/13675567.2026.2715101

3. Quan Cheng, Xin Li, Xiaoli Su, Zhe Yuan. (2026). Dynamic demand forecasting in bike-sharing systems: a multidimensional spatiotemporal network. International Journal of Production Research, Online first, pp. 1–31. DOI: 10.1080/00207543.2026.2683107

4. Tianshuo Ge, Xiang Lv, Xiaoli Su. (2026). Improving supply chain efficiency in hidden champions: a TOE framework approach with evidence from China. International Journal of Logistics Research and Applications, Online first. DOI: 10.1080/13675567.2026.2658601

5. Delong Nie, Xin Li, Xiaoli Su. (2026). GenAI's silent cost: the looming environmental crisis. Integrated Environmental Assessment and Management, 22(1), 316–317. DOI: 10.1093/inteam/vjaf114

6. Xiaoli Su, Zhe Yuan, Chenghu Yang, Evren Sahin, Jie Xiong. (2025). Bridging uncertainty: a data-driven DRO approach for correcting censored demand in newsvendor problems. International Journal of Production Economics, 285, 109626. DOI: 10.1016/j.ijpe.2025.109626

7. Xiaoli Su, Lijun Zeng, Bo Shao, Binlong Lin. (2025). Data-driven optimization for production planning with multiple demand features. Kybernetes, 54(1), 110–133. DOI: 10.1108/K-04-2023-0690

8. Chenghu Yang, Xiaoli Su, Xin Ma, Srinivas Talluri. (2024). A data-driven distributionally robust optimization approach for the core acquisition problem. European Journal of Operational Research, 318(1), 253–268. DOI: 10.1016/j.ejor.2024.05.007

9. Chenghu Yang, Xiaoli Su, Peng Wu. (2023). A data-driven distributionally newsvendor problem for edge-cloud collaboration in intelligent manufacturing systems. Engineering Applications of Artificial Intelligence, 126, 106995. DOI: 10.1016/j.engappai.2023.106995

SELECTED HONORS & AWARDS

2025: Third Prize, Fujian Provincial Outstanding Social Sciences Research Achievement Award (coauthor)

2024–2025: Outstanding Doctoral Dissertation, Fuzhou University

2025: Special Prize, Doctoral Academic Excellence Scholarship, Fuzhou University

2024: National Scholarship for Doctoral Students, Fuzhou University

2015: National Scholarship, Fujian University of Technology

RESEARCH PROJECT PARTICIPATION

2020–2023: Trust and cooperation in power-battery closed-loop supply chains using blockchain technology. National Social Science Fund of China.

2019–2022: Optimization of social credit systems through blockchain technology. Fujian Provincial Social Science Planning Project.
